

OCTOBER 2020

HP LaserJet Enterprise 400 series MFPs: The World's Smallest Enterprise-Class MFPs

In October 2020, Keypoint Intelligence was contracted by HP Inc. to conduct a study to determine if the HP Enterprise 400 series MFPs could be considered as the “world’s smallest” compared to currently available in-class mono and color laser multifunction printers (MFPs). Using HP’s stated dimensions of 419 mm x 389 mm x 323 mm (W x D x H) for the mono device (HP LaserJet Enterprise MFP M430/M431 and Managed E42540 series) and 415 mm x 472 mm x 400 mm (W x D x H) for the color device (HP Color LaserJet Enterprise MFP M480 and Managed E47528 series), Keypoint Intelligence analysts determined that based on available specification data for in-class laser models worldwide, no other enterprise-class models priced more than or equal to \$300 for mono or \$450 for color US (or international equivalents) retail as of this date are smaller than the HP LaserJet 400 series MFP models.

¹World’s smallest enterprise-class MFP compared only to dimensions of the majority of worldwide Laser A4 MFPs color \geq \$450 USD and 25 ppm to 90 ppm and mono \geq \$300 USD and 38 ppm to 90 ppm as of October 2020. Market share as reported by IDC Q1 2020 Hardcopy Peripherals Tracker. For details, see <http://www.hp.com/go/MFPClaims> or <https://www.keypointintelligence.com/MFPClaims>

Using Keypoint Intelligence’s extensive product database containing information on over 30,000 printers and MFPs worldwide, as well as publicly available specification information, the Keypoint Intelligence research team compiled product dimensions for in-class models (based on IDC segmentation) and calculated the overall volume (obtained by multiplying width by depth by height).

MFP Mono Models Included in the Sample (Smallest to Largest)

Vendor	Model Name	Height (mm)	Width (mm)	Depth (mm)	Volume (mm ³)
HP	LaserJet Enterprise MFP M430/ M431 and Managed E42540	420	390	323	52,538,812

¹World's smallest enterprise-class MFP compared only to dimensions of the majority of worldwide Laser A4 MFPs color ≥\$450 USD and 25 ppm to 90 ppm and mono ≥\$300 USD and 38 ppm to 90 ppm as of October 2020. Market share as reported by IDC Q1 2020 Hardcopy Peripherals Tracker. For details, see www.hp.com/go/XXX or www.keypointintelligence.com/XXX

ABOUT KEYPOINT INTELLIGENCE

For almost 60 years, clients in the digital imaging industry have relied on Keypoint Intelligence for independent hands-on testing, lab data, and extensive market research to drive their product and sales success. Keypoint Intelligence has been recognized as the industry's most trusted resource for unbiased information, analysis, and awards due to decades of analyst experience. Customers have harnessed this mission-critical knowledge for strategic decision-making, daily sales enablement, and operational excellence—improving business goals and increasing bottom lines. With a central focus on clients, Keypoint Intelligence continues to evolve as the industry changes by expanding offerings and updating methods, while intimately understanding and serving manufacturers', channels', and their customers' transformation in the digital printing and imaging sector.

For more information on Keypoint Intelligence, please call (973) 797-2100, visit www.keypointintelligence.com, or email info@keypointintelligence.com.
